3DR Solo Telemetry data
Solo save relative time (0 when solo switch on)

Telemetry contain

1) All messages from base station (commands from laptop) and mode

2) Attitude
- roll/pitch/yaw
- rollspeed/pitchspeed/yawspeed

3)Global posiiton
- lat/lon/alt
- relative altitude
- satellite vision

4) Local position (I suppose relative to starting point)
- x/y/z

5)IMU
-xacc/yacc/zacc
-xgyro/ygyro/zgyro
-xmag/ymag/zmag
6)Pressure (absolute/relative)

7)System status (battery voltage, errors, etc.)

8) Speed
- airspeed/groundspeed
-heading
-throttle
-altitude

9)Vibration (x/y/z)
